tempered steel tools that can be obtained are kept in neat chests, and each scholar is given whatever is required to work the lesson assigned. Patterns are furnished by the Training school with instructions how the work is to be executed, and each scholar takes lessons, a small piece of well seasoned wood, tools required and goes to a work bench and proceeds according to the outline.

Superintendent Himelick has the room decked with specimens of the different articles turned out, among those being calendars and neckties holders, and match safes, etc. Later the girls will be learned to sew, and will be given patterns over which they will learn to make their own clothes. This year the work will be carried on more as an experiment but by another year it will likely be introduced on a larger scale.

During the next term, a public exhibition of the work will be given at the High school building, and specimens will be set out to view, and citizens of the town, parents of the children, and everybody interested in school work, will be invited and souvenirs will be given to visitors.

Superintendent Himelick very generously extends an invitation to the people of Monessen to visit the schools, and get acquainted with the new feature introduced.

Colored People Meet and Endorse Actions of Mayor and Citizens of the Town With Regasd to Capture of Criminal.

At a meeting held in Wyaman A. M. E. church, Thursday evening, October 18, 1906. by the respectable colored citizens, great sympathy was expressed for the parents of little Annie Hertrick, who was brutally assaulted and murdered a few weeks ago. We the undersigned representing a committee for our people resolve that we are in sympathy with the stricken family and the authorities of our town, and we still lend our aid to raise a small fund to increase that which has been raised to aid in the capture of the dog, fiend, brute, let him be white, black or crazy, we urge a special trial and conviction and punishment by the laws of this grand old state of Pennsylvania."

Each committeeman spoke at length denouncing crimes of all description, all hopeing the criminal will soon be brought to justice. We wish the mayor and council to know that there is an element among the negros in Monessen that is above criminal actions, and we denounce crime of all descriptions."

REPUBLICAN NOMINEE FOR DISTRICT ATTORNEY

John F. Wentling, Jr., of Westmoreland, Is Well Qualified for the Office and Deserves the Support of Every Voter.

The office of District Attorney is one of the positions in which the choice of candidates is confined to the bar. A knowledge of the law is mandatory. No one can serve in that office except he be a lawyer. It is an important position, bearing as it does on the preservation of the peace and dignity of the Commonwealth. Integrity, ability and energy are the cardinal qualifications.

At the approaching election a District Attorney will be chosen. The Republican candidate is John F. Wentling, Jr. It is safe to say that Mr. Wentling possesses the necessary qualifications. He is a native of Westmoreland county. His ancestry were among our most honorable and sterling citizens. He was a student in the public schools of Greensburg and afterward he was graduated from Washington and Jefferson college. He read law in the office of his father and was afterword admitted to the bar, having passed a creditable examination. It is only fair to presume that Mr. Wentling's training, as a lawyer, would receive his father's careful attention. Such training and associations left their impress on the mind of the candidate for District Attorney, who is waiting the opportunity to show the people that he merited their confidence and suffrages. Of unchallenged honesty of unquestioned ability, he seeks the votes of the people at the coming election.

Aside from this Mr. Wentling may lay just claim to recognition by the party of the choice. His fidelity to that party has never been questioned. He was reared in its atmosphere. For a half century his father has waged valiant warfare in his behalf. In the days when Westmoreland county seemed inseparably joined to Democracy, he never wavered. His every effort was a labor of love for which he never asked nor sought reward. It is needless to say that those who have grown old in years, when recalling the heroic struggle of the past, will delight to bestow on the son the full measure of recognition that they were ever ready in the vanquished years to have tendered the father, and their generous act will be appreciated even better than they know. Particularly is this true when John F. Wentling, Jr., as a lawyer and a man, merits the recognition.

ANOTHER'S OPINION

The curfew law is said to be working fine in Monessen so far. It has only been in operation a few days, however, so that it is too soon to declare that it is an unqualified success. But it is true concerning the curfew law, as it is of any other, that all that is necessary to secure its rigid enforcement is a display of public sentiment in that direction, followed by corresponding official activity. Here in Altoona it seems to have been lost in the shuffle. The other morning, certainly after midnight, three small boys made things hideous by their yells. The enforcement of the curfew law would have taken them off the streets hours before.—Altoona Tribune.

AN OLD MAN'S TRIBUTE.

An Ohio Fruit Raiser, 78 Years Old, Cured of a Terrible Case After Ten Years of Suffering.

When suffering daily torture
From backache, rheumatic pain,
Any ill of kidneys or bladder,
Turn to Doan's Kidney Pills.
A cure endorsed by thousands.
Read an old man's tribute.

Sidney Justus, fruit dealer, of Mentor, Ohio, says: "I was cured by Doan's Kidney Pills of a severe case of kidney trouble of eight or ten years' standing. I suffered the most severe backache and other pains in the region of the kidneys. These were especially severe when stooping to lift anything, and often I could hardly straighten my back. The aching was bad in the daytime, but just as bad at night, and I was always lame in the morning. I was bothered with rheumatic pains and dropsical swelling of the feet. The urinary passages were painful, and the secretions were discolored and so free that often I had to rise at night. I felt tired all day. Half a box served to relieve me, and three boxes effected a permanent cure."

SIDNEY JUSTUS.

A FREE TRIAL of this great kidney medicine which cured Mr. Justus will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. Sold by all dealers; price, fifty cents per box.

Here's Just the Right Bowel Laxative

Gentle, Sure—Pleasant to Take—A Tried and True, Genuine, Nature's Remedy.

If you do not have free, easy and regular movements of the bowels you lack the prime and first essential of good health. There's more harm done than mere uncomfortableness, sluggishness and bilousness—retention of food wastes in the bowels pollutes, irritates and poisons. You make the circulatory system—the blood—a scavenger instead of a fountain of purest life and untainted vitality. The ills of constipation are not trifling but nearly always are fraught with vital significance. Seek your relief in Nature! Accept the gentle, natural aid of Lax-ets! Be sure not to force and crowd the delicate organs of the stomach! Avoid all the danger of powerful and unknown medicines! Your safety and your health are always secured—if you take Lax-ets. The formula is on every box—show it to your family physician. Lax-ets are put up in a flat metal case in handy tablet form—one tablet taken before meals or on retiring always brings relief. Pleasing to take—the most potent yet gentle of all remedies—a genuine help of Nature's—a bowel laxative which cures constipation. Recommended and for sale by

REPUBLICAN EDITORS STANDING LOYALLY BY THEIR PARTY

Repudiate Misleading and False Statements of the Emery-Bryan Combination.

FOLLOW LEAD OF ROOSEVELT

They Are Giving Consistent and Earnest Support to Edwin S. Stuart and His Colleagues on the Republican Ticket.

A significant feature of the present campaign in Pennsylvania is the enthusiastic and loyal support which is being given to the Republican ticket by the Republican editors of the commonwealth.

Without exception they are heartily and earnestly working for the election of Edwin S. Stuart and all of his colleagues on the Republican ticket, and they are giving magnificent support to the Republican nominees for congress, who are to be sent to Washington to sustain President Roosevelt's administration and to aid him in carrying out the many popular policies which he has recently inaugurated and which he has determined shall be pushed to fulfillment at the earliest possible moment.

Here are some timely expressions from Republican editors of this state upon live issues of the present campaign:

The Candidates Compared.

Who are these Democratic candidates who are asking the Republicans of Pennsylvania to support them? says the editor of the Philadelphia Inquirer.

There is Lewis Emery, Jr., who prates about honesty and what he would do if he could only get to Harrisburg. Is he the sort of man to be entrusted in public office—a man who has made his money by his peculiar methods of fighting and dealing with Standard Oil.

Is it honest for an oil company to forge the stencil of an inspector and sell dangerous oil for the high priced and non-explosive article, thus cheating, swindling its customers?

Is it honest to accept rebates? Honest to bill over the railroads car loads of white oil as acids and reap the difference between five cents per hundred weight and eight and one-half cents?

Is it honest to fight an oil company for using such methods, while all the time doing the same thing?

Is it honest for an oil company—the Pure Oil—to denounce the Standard while having directors from the Standard on its own board and agreeing upon rates, so that all is harmony.

Are these the methods that the thinking men of Pennsylvania wish to see transferred to the Executive Mansion?

Then there is Jere S. Black, candidate—Bryan candidate—for Lieutenant Governor What has this man done to endear himself to the honest voters?

Jere Black's Graft.

York county, from which he comes, was robbed of thousands of dollars by Democratic officials. Mr. Black, Democrat, as a lawyer, was appointed by the commissioners to bring suit and proceed against the County Treasurer. Mr Black's law firm collected $80,000 and demanded as the fee $18,500—almost one fourth of the collection.

Legally this may be honest; but morally, was it not anything but that? Is Mr Black the kind of a man whom you would like to see as the successor of Mr. Emery, should the latter die in office?

There is John J. Green, Bryan candidate for Secretary of Internal Affairs. And who is Mr. Green? The product of the worst Democratic machine that ever disgraced a large city—the Donnelly Ryan Combine of Democratic traders and adventurers. Mr Green was brought up in the Donnelly-Ryan ranks as a lieutenant ward leader.

Then there is William T. Creasy, who wants to serve the good people of the state as Auditor General. We have nothing to say against him except that he is a Bryan Democrat, and twice stumped the state for Bryan, free trade, free silver and all.

Compare these candidates, if you please, with those of the Republican party—Stuart, Murphy, Houck and Young. They have not made money out of dubious dealings with the Standard; out of forged stencils; out of rebates, while swearing under oath that they took no rebates; out of enormous fees wrung from the people for collecting money stolen from the people by Democratic officials.

There is not a word to be said against them. Their lives have been honest, their records have been clean, and—they are not Bryan Democrats, but Roosevelt Republicans.

There you are. Take your pick. But how any Republican can join with the candidates of the Bryan party to smash a party—the Republican—that has placed on the statute books such a magnificent line of reform laws as to call for the special commendation of President Roosevelt is past our comprehension.

Are Growing Desperate.

The leaders and organs of the fusion candidates in this state and particularly in this district and county, are growing desperate, remarks the editor of the Washington Observer. They see defeat staring them in the face. They see the sentiment growing stronger daily for the Republican ticket and the Republican principles. They are using desperate tactics in a desperate cause. Falsehoods and misrepresentations are following each other in quick succession. Their methods of attack are despicable and have turned many who were formerly in sympathy with them to the support of the Republican ticket. The Republican party and its candidates are conducting a clean, decent campaign. They are making votes. The issues are clearly presented and the people are beginning to see most clearly the motives which characterize the attacks on decent men—because they are Republicans. The refusal of many of the Democrats to swallow the hybrid ticket in the district and in the county is also making the leaders desperate, and like Hearst, of New York, they are beginning to call men of their own party vile names. Keep it up, the better it will be for the Republican party. It makes votes—because it disgusts honest and decent voters.

Must Be Harmony For Results.

We submit that the Republican Governor with a Republican legislature can produce more substantive legislation than a fusion governor with the same legislature, says the editor of the Titusville Herald. Excellence in the administration of state affairs demands harmony, which can exist only through the election of Edwin S. Stuart to the Governor's chair.

There can be shown no reason why a single Republican should desert his party this fall to follow Lewis Emery, Jr., who was never a Republican unless to satisfy his own selfish, self-centered ambitions.

A Manly Statement.

Governor Pennypacker's frank and manly statement in regard to the expenditures for the state capitol is convincing enough in itself to all candid citizens, that not a single dollar has been wasted or misappropiated, says the editor of the Oil City Derrick. But Mr. Stuart, who is in no way connected with the building of the structure, has promised to take the question up and will give it full investigation. In his speech at Greenville he added the following plank to the Republican party platform:

"If elected Governor, I promise you, fully realizing the responsibility resting upon me, that I will see that a thorough investigation shall be made of the entire question, and if such investigation discloses that any man or set of men have been guilty of wrong-doing in the abuse of their trust, or guilty of fraud or illegal profit in the furnishing of supplies, they shall meet with the punishment they surely, under such circumstances, would justly deserve."

This should be fully satisfactory to those who have been disposed to question the action of the building committee in expending such immense sums in furnishing and decorating the capitol. But it is clear that the members did not exceed their powers, and that they were acting in strict accord with the law. Ten years hence, when the fame of this magnificent building becomes more general and the work of these men becomes better recognized, what they did for the people in giving them a capitol, worthy the honor and dignity of the state, will be pointed at as the proudest achievement of their lives.

The Overshadowing Issue.

It will not do for opponents of the Republican state ticket to plead for voters on the theory that the election of next November is important as to this year only, exclaims the editor of the Brockwayville Record. This is the direct and immediate question, but 1908 presents the overshadowing issue. No sincere Republican wants a Democrat sent to the White House two years from now Some Republicans who claim to be sincere say that they will vote this year for Emery, the Democratic nominee, against Stuart, the Republican candidate for Governor, and when they vote for Emery they line up for the whole Democratic state ticket. Yet it is axiomatic that you can't contribute to the election of a Republican President by electing the Democratic tickets in the several states. Politics don't operate that way. Judge Parker, the last Democratic candidate, since the election of 1904, has repeatedly said that the way to put a Democrat in the White House is to carry the smaller political divisions, the township, the ward, the city, the county and then the state.

That is the way to do it, and if the true and loyal Republicans of Pennsylvania want to elect a Republican in 1908 for President, they must not make the mistake this year of fortifying Democratic strength by voting for the Democratic nominee for Governor. To do that is to invite a Democratic triumph and Democratic victory in the nation is sure to spell disaster.

A WHIRLWIND FINISH

Pennsylvania Republicans to Close Campaign With Great Guns On the Stump.

SECRETARY SHAW, OF CABINET

Will Be Here, and Speaker Cannon, Senator Knox and Others Will Speak For Stuart and the Whole Ticket.

[Special Correspondence.]

Philadelphia, Oct. 16.

Colonel Wesley R. Andrews, chairman of the Republican State Committee, has planned a whirlwind finish for the Republican state campaign.

After several conferences with Chairman J. S. Sherman, of the Republican congressional committee, he has mapped out a schedule of mass meetings in different parts of the state at which many speakers of national prominence will make addresses in support of Edwin S. Stuart for Governor and his colleagues on the state ticket, and for the Republican candidates for Congress.

The fact that Pennsylvania now has the largest delegation of any state of Republican members of the House of Representatives makes this an important political battle ground, and President Roosevelt has expressed himself upon several occasions upon the importance of rousing Republicans of Pennsylvania so that there shall be no congressional losses next month.

He realizes that the fusion campaigns in Pennsylvania and New York are likely to interfere seriously with the plans of the Republican managers for the election of Congressmen. He dwelt particularly upon this phase of the situation when he had Chairman Sherman and Senator Penrose at the White House recently to go over the general political situation.

The President has requested Secretary of the Treasury Shaw to make at least two speeches in Pennsylvania, and he may make others, although up to date he has been scheduled for but two.

"Uncle Joe" Cannon, Speaker of the National House, is billed for two Pennsylvania speeches, and Senator Beveridge for two. Congressman Watson, of Indiana, member of the ways and means committee of Congress, is among others who have been assigned by the national congressional committee to make addresses in Pennsylvania for the whole Republican ticket between now and November 6.

AT THE THEATRE

Without Uncle Tom and Peck's Bad Boy once each year, we would think our dramatic season incomplete. We have Uncle Tom year after year and it is always the same, there being no way to change it, but this season Peck's Bad Boy has radical changes; in fact all the old material that has made so many people laugh for the last twenty years, and which we have come to know almost as well as the actors do themselves, has been discarded and an entirely new version prepared. The old familiar characters of the Grocery man. Duffy, Major and Mrs. Peck, the Chum, Servant girl, His Sweetheart and Henry Peck the Bad Boy are still the ones to create the fun, and a new one introduced who will aid and abet and add new opportunities for funny situations. Each character is portrayed by competent people, and an exceptionally good singing company is one of the main features.

Operatic selections, duets, trios, quartettes and choruses are finally rendered. Many novel specialties introduced and with all these and an entirely new equipment of scenery and costumes, this always funny farce comedy, is made better than ever. To be presented at the Monessen Opera House, Saturday evening, October 20.

Manager McShaffrey of the Star theatre announces an excellent program for next week. Stoddard & Wilson, both artists of unusual ability, will appear in a comedy and classical musical specialty entitled the "Rat Catcher." Miss Lulu Theis, the mulatto character artist, who has made a decided hit wherever she has appeared is also sure to prove an interesting feature of the program. The animatiscope will present "Scales of Justice" and "Friendship Soldiers Billet." Miss Josephine Woods will sing the illustrated song, "Lay My Wedding Dress Away."

Heavy Export Given as Reason

London, October 20.—Special—Careful inquiry discloses no suspicion of political complication and no concealed financial embarrassment as the reason for the drastic action of the Bank of England with respect to the discount rates. The heavy export of gold to Egypt is connected entirely with the marketing of the cotton crop and is the result of insistance of nations upon cash payments.
